Murano Manually Unlock Door - laylagrayce.com

I have a 2005 Nissan Murano with the same problem: the rear door on the driver's side will not unlock via the key fob or the driver's master control. It has to be unlocked manually from the inside. It is an intermittent issue. Sometimes it will work fine, other times it won't.

SOLVED: 2004 Nissan Murano, back door can't open - Fixya

My 2009 Nissan Murano won't lock with the door lock inside the car, and I just realized this when the alarm went off when I tried to unlock it by pressing the outside door handle button, then the alarm goes off until I get in and start the vehicle. Also the rear hatch quit lifting whether I use the key fob or manually pressing the button on the hatch.
