### **Miele G 646 Sci Plus**

I have a Miele G692 SCI Plus which had a similar problem a while ago. The inlet/drain light also comes on when there is water in the base pan. There is a float switch that also triggers this and over time if water has collected in the base pan the float switch can stick. Pull out the dishwasher and tilt it towards to back.

Miele G646SC Plus - I've had my Miele 646, for about a year now and been very pleased. I'm selling it now only because we are refitting the kitchen and need an intergrated one.....a Miele again. I love the cutlery tray which seems to be unique. Regardless of what you've heard, it's easy to load. You do have to put stuff in one by one but load ...
