### **Service & Support - nikonimagsupport.com**

On my D90, I can make the change in the camera body itself in the custom settings menu and I don't have to physically touch the flash to make the changes. It works through the custom settings in the camera. I would suspect (but I'm not 100% certain) that it works the same way with the D7000 and SB-600. Best suggestions -- read the manuals.
