I bought a Miele w3725 washer. Have owned it for 4/5 years. Was fantastic to start with. Then it wouldn't spin properly, had to take it to the service centre to get repaired which is 45 minutes away, so inconvenient. They had it for a few days only to tell us nothing was wrong with it. We still had to pay.

An old Miele washing machine. Miele W459. I used a rinse hold setting to wash for the first time by mistake and don't know how to finish the cycle. I can't find an instruction manual anywhere. Machine appears to have drained, the drum sounds to be rotating slowly (rinse hold?) but I can't fathom out how to finish the programme.
