Manual Vs Automatic Transmission Myths Debunked

Check out these driving stick tips designed to help you understand how to get the most out of your manual transmission car. The Key Is to Be Smooth One of the fundamental concepts to grasp when learning to drive a manual gearbox is that the clutch is not an on/off switch.

Driving Stick Tips: Mastering the Manual Transmission

5. Driving with your interior lights on is illegal. We're going to put this one in the large file called Dad Myths. There doesn't seem to be a fine on the books for doing it, and the whole idea of "map lights" is that someone in the passenger seat might need to use them while you're driving, although less so in the sat nav era.

Top 8 driving myths busted - Car Advice | CarsGuide

Driving a car with a manual transmission—also called a stick shift—requires more skill and understanding than operating a vehicle with an automatic transmission. In a stick shift vehicle, you will be manually shifting gears to adjust your speed, rather than letting the car do it for you.
