Hi, I have a 1994 nissan skyline r33 GTST, I think the O2 sensor may have gone wrong. I have just recieved one from my local nissan dealer and I'm not sure it's the right one, can you tell me if I have the right one please? the number is22690-64Y12. Also if I fit this and it's not the exact one will it damage anything? Thanks, Colin.

RB26 Engine Turbo Swap & External OverhaulThis guide picks up where the Pulling the RB26 Engine walk-through left off. Having just separated the transmission from the engine, we now look to remove the old turbos and then set up the new ones. There is a lot of patience needed to do this, as there are a many fragile parts.
