### **Times Tables Progress Chart by laurajanetutoring ...**

These target worksheets focus on multiplying 2 digit numbers by ten. The goal is to have children become automatic with each of the tables. The ten times table is one of the fastest tables to learn and once children are able to skip count by tens (10, 20, 30, 40) starting at different numbers, they are then ready to learn the ten times tables.

### **Free Times Table Multiplication Worksheets - ThoughtCo**
