Posted by Roger Dahl on Mar 28th 2019 . I just finished installing the Elkhart steps to replace the set that had been on our "Blood Mobile" since 2001. The original was just worn out in certain areas, and had been "grounded" a few times over the years, and was less than "square", and the operation opening, and closing, was a bit difficult due to this.

Steps Not Working. Question: Why will my steps not go up? Answer: The most obvious source of the problem is that you have inadvertently hit a switch that turns off the automatic steps. For instance, in our RV there is a toggle switch near the entry door that allows us to turn off the automatic steps.
