### **SOLVED: I have nec plasma sync 42mp2 but no remote - Fixya**

I have acquired a 42inch PlasmaSync 42MP2 TV. Looking at the spec of the TV it looks as though its more of a Monitor than a TV. Its about 6-7 years old but it says that it is compatible with 1080i. I know this is not the best but its very unlikely that i will be able to afford a new one so would like to see if it can get this one running.
