the world mortal engines builds is amazing and wonderful, however, I felt like it was inhabited by a weaker story and characters. this is mainly because I came in with a high expectation but then realised this book was written for kids to young adults. Still, enjoyed the performance and the world despite it.

I do like Philip Reeve Read this book a long time ago when I bought it for my son before the series was complete. Now that it is being made into a film I wanted to refresh my memory. This audio book is well done. There is good chacterisation in dialogue and varied enough between characters. Would definitely recommend it.
