The Ascent is The Motley Fool's new personal finance brand devoted to helping you live a richer life. ... Is Harley-Davidson About to Be Hit by a Major Recall? ... it will have been the third time ...

### **Is Harley-Davidson About to Be Hit by a Major Recall ...**

The problem is the design of the cam chain system. It uses plastic "shoes" riding on the cam chains that can (and do) wear out. Harley has made some changes in later model bikes, but even with the new hydraulic tensioning system, it is not a true fix. What is the problem? The shoes rub against the two chains and the plastic shoes wear out.
