Model V1 Steam Engine - pottermckinney.com

As the first of the class, No.6000 was specifically named after the then monarch of the United Kingdom King George V. Built at Swindon Works and completed in June 1927, following a period of running in, the locomotive was shipped to the United States in August 1927, to feature in the B&O's centenary celebrations. During the celebrations it was presented with a bell and a plaque, and these are ...
